### **Notification of Proposed Gates Installation**

Council would like to inform CCB members of the proposal to install bollards and two gates on the foreshore reserve adjacent to The Park Dr Sanctuary Pt. The proposed gates are to address community concern for emergency vehicle accessing the reserve.

Residents have complained to Council of the numerous vehicles using the reserve to launch vessels into Cockrow Ck, particularly jet skis. Vehicles pose a danger to passive reserve users, create a disturbance to surrounding residents and severely impact on the reserve ecology. Vehicles entering foreshore recreational reserves are in breach of Council's Foreshore Reserves Policy and Natural Areas Plan of Management.

Council has consulted with all neighbouring property owners via mailout and on-site discussions. There is a general acceptance and agreement by residents to the proposal. No complaints to the proposal are pending.

Please contact me if your group has concerns or objections to the installation of these vehicle barriers within 14 days from the date of this email thank you.

If you need further information about this matter, please contact Kerry Thompson, Planning Environment & Development Group on (02) 4429 3422. Please quote Council's reference 7471E (D18/150983).

Yours faithfully

**Kerry Thompson**  
**Natural Areas Operations Officer**
