

Estuary Management Plan:

Chris Grounds spoke on this.
FUTURE SPEAKER needed on foreshore management.

Heritage Estates: Chris Grounds presented report on Council voting on zoning. Proposed at their meeting to “*advertise Council’s intent to rezone the Heritage Estates to E2 Conservation (in accordance with Min12.544).*”)

Woolworths: Chris Grounds proposed: “*That Basin Villages Forum liaise with Huskisson-Woollamia Community Voice and Vincentia Residents & Ratepayers Assoc, to seek a co-operative action to promote a public community proposal that calls Woolworths to establish a nature strip of native & indigenous species to the boundary of the Vincentia development site, which would become a permanent feature of the site.*”

This should be pursued as an urgent matter, and would parallel their new DA for the site. The nature strip would represent some rehab of the site without impinging on Woolworths plans. Would be publicized in local media at the same time as an approach to Woolworths.

Moved Chris Grounds, 2nd John Fimmano.

Basin View walking trail: proceeding well.

The long-standing issue of narrow strip of **foreshore land** between rear of houses & water edge, along eastern & southern edges of Sanct Pt, owned by Mr Wassall, has been resolved. This land is now in Council ownership.

Fitness station at Paradise Beach reserve; funding allocated. Proceeding.

Learn to ride facility. Council plans have progressed to costing the project, after which they will apply for grant monies.
